# WE PROUDLY SERVE STARBUCKS® LOGO & BRAND REQUIREMENTS

Our We Proudly Serve Starbucks® program provides our operators the opportunity to offer a familiar selection of globally loved Starbucks beverages in your environment.

To do this, we provide operators with clearly defined beverage and brand solutions, which have been designed and aligned with Starbucks® Coffee Company. It is imperative that your operation is represented by your identity first (the café name) with the We Proudly Serve Starbucks® logo/brand secondary. Following the requirements outlined in this resource guide will ensure a successful brand experience for both you and your consumers.

## STEPS TO SUCCESSFUL WE PROUDLY SERVE STARBUCKS® LOGO REQUIREMENTS USAGE

- 1 The Starbucks Siren logo **may not** be used independently of the “We Proudly Serve” text. The **logo lock up can never be separated**.

- 2 **Ensure your location identity or logo is always the primary/most prominent identity**. This will help set customer expectations and contribute to a better experience by ensuring customers understand that your venue serves Starbucks® coffee but is not a Starbucks® retail location.
- 3 **Re-creation of the We Proudly Serve Starbucks® logo for any stand-alone branded signage use in your operation is not permitted**. Operators can leverage existing branded signage provided by Nestle Coffee Partners Solutions Lab for logo signage in your operation.
- 4 Ensure the amount of We Proudly Serve Starbucks® branded **signage does not exceed the required allotment**. Maximum branded We Proudly Serve Starbucks® signage instances per location includes:
  - 1 **Blade Sign** – used as a directional way finder for your operation
  - 1 **Wall Sign** – used with primary location identity to signify WPS Starbucks program
  - 1-3 **Menu Board panels**
  - 2 **Poster Frames**
  - 2 **Counter Cards**
- 5 Review and follow approved **Do and Don'ts** when leveraging the We Proudly Serve Starbucks® logo to promote, communicate, and market your location.
- 6 Ensure you are leveraging our Operator Brand Experience Toolkit on our **Customer Portal**. Logo Requirements, Menu Board Templates (digital and printed) and approved photo assets for operators to leverage are available to download.
- 7 To ensure requirements are met, all additional assets, marketing and communications created by the operator and using the We Proudly Serve Starbucks® logo must be approved by Nestle Coffee Partners Solutions Lab and submitted for review to **FS Marketing for Solutions Lab**.

**Full details for each of the above requirements are documented on the following pages**

# WE PROUDLY SERVE STARBUCKS® LOGO USAGE

1 The primary WPS Starbucks® logo is composed of the Siren symbol and the phrase “We Proudly Serve.” The Starbucks Siren logo may **never** be used independent of the “We Proudly Serve” text.

The WPS Starbucks® wordmark is composed of the phrase “We Proudly Serve” locked up with the Starbucks wordmark. **It must always appear vertically, reading upward.**

PRIMARY WPS Starbucks® LOGO

WPS Starbucks® WORDMARK

WE PROUDLY SERVE **STARBUCKS**™

## INCORRECT usage examples

Don't re-create type

Don't stretch or alter our logo in any way

Do not overlap on top of other graphics

Do not add a ring around the Siren

Always use the wordmark vertically, reading upward

Do not rearrange the wordmark or change the size of "We Proudly Serve" in proportion to "Starbucks"

Don't combine the primary logo with the wordmark

Do not put logo in a shape

Do not use Starbucks logo without “We Proudly Serve”

WE PROUDLY SERVE **STARBUCKS**

Do not separate the We Proudly Serve from the top of Starbucks logo

Do not change logo color

Do not use the inverse Siren

# PRIMARY OPERATOR IDENTITY RELATIONSHIP

2

The visual appearance of your venue and the balance of branding messages (size, quantity, placement and relative weight) **must reinforce your venue name or logo as the primary means of identification.** This will help set customer expectations and contribute to a better experience by ensuring customers understand that your venue serves Starbucks® coffee **but is not a Starbucks® retail location.**

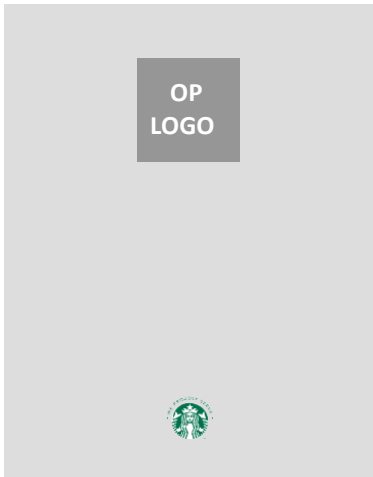

If the WPS Starbucks® logo or wordmark are used on operator created materials, **the operator's name or logo must be present with WPS Starbucks® clearly secondary.** Follow the requirements below to reinforce the relationship (e.g., it's Daylight Café first, with WPS Starbucks playing a supporting role).

## CORRECT branding

**Pieces larger than 8.5" x 11":** The operator logo must be at least 4x larger than the WPS Starbucks® logo or wordmark. Size is determined by overall area - height & width. Ex. Menu Boards, Posters

**Pieces smaller than 8.5" x 11":** The operator logo must be at least 2x larger than the WPS Starbucks® logo or wordmark. Counter cards – Opening Soon, Hours of Operation, special operator promotion

## INCORRECT usage examples

The WPS Starbucks® logo cannot come first and cannot be larger than the proportions indicated.

The WPS Starbucks® logo must hold its own space, apart from your logo, and may not be incorporated into the design of your operation's logo, nor can Starbucks be incorporated into your operation's name.

**We Proudly Serve Starbucks® logo or wordmark must never be incorporated into the design of your own logo.**

The following pages provide examples of DO's and DON'Ts for WPS Starbucks® logo usage

## DON'Ts: NOT APPROVED Re-Creation of We Proudly Serve Starbucks® logo signage

3

Re-creation of the We Proudly Serve Starbucks® logo for any branded signage use in your operation **is not permitted**. Operators can leverage existing branded logo signage provided by Nestle Coffee Partners Solutions Lab for logo signage in your operation.

To promote your relationship with Starbucks while setting appropriate customer expectations, please ensure you're following approved We Proudly Serve Starbucks® logo requirements when setting up your location. Correct ratio sizing of the We Proudly Serve Starbucks® logo to your location's logo – along with placement in the café is key. This ensures customers approaching your venue understand that it serves Starbucks® coffee *but is not a Starbucks® retail location*. This may help to avoid confusion over promotional offerings or payment features that are specific to Starbucks® retail stores, and ultimately contribute to a better experience for your customers.

Ensure the amount of We Proudly Serve Starbucks® branded signage doesn't exceed the required allotment. The maximum branded We Proudly Serve Starbucks® signage instances per location includes:

- 1 Blade Sign** – used as a directional way finder for your operation
- 1 Wall Sign** – used with primary location identity to signify WPS Starbucks program
- 1-3 Menu Board panels**
- 2 Posters in frames**
- 2 Counter Cards**
