About Seattle's Best Coffee™

Deliver a wide variety of craveable drinks and flavors that your customers seek from a brand that's been roasting uncommonly smooth coffee for 50+ years.

With the COTI Machine benefit from:

- Espresso execution with limited labor
- 50% reduction in cleaning time²
- 75% increase in overall reliability²
- Patented brewing and cup drop technology to ensure a reliable drink delivery to lower overall service needs*
- Integrated cup, milk, and sugar dispenser to deter theft
- Reduced energy consumption with an optional energy-saving mode to reduce energy consumption by up to 41% during off-peak times

Best in class features include:

- 10 cafe-style espresso beverages in 45 seconds with taste, aroma, color, appearance that mirror the coffee retail channel
- Ability to customize sugar and milk preferences
 - 81% of consumers customized their coffee beverage in the past week³
- High capacity of 350 cups per day
- Premium branded video interface with 21" touch screen ordering
- Plumbed or stand-alone with 5-gallon jug
